

Over 120 research labs
used our services in 2023

>375 single cell and spatial projects
>2200 samples processed

Over 335 sequencing runs
Over 165 trillion bases sequenced

The Brain Single Cell Initiative launched

New to PMGC in 2023:

- Illumina NovaSeq X Plus, 10x Genomics Xenium
- 10X Flex, Parse scRNA-Seq, Biomodal 5L & 6L-Seq, EM-Seq
- 5 New Staff Members!
